President W. K. Jordan  
Radcliffe College  
Cambridge 38, Massachusetts

Dear President Jordan:

I greatly appreciate the information you give me in your letter of February 6, 1952 with regard to action of your Nominating Committee.

If it is possible, I should like to hold in abeyance for about a month or six weeks, a more definite answer to you, and at the same time, assure you of my continuing deep interest in what Radcliffe is doing.

Sincerely,
